

TEAM BUILDING

DISCOVER TEAM SPIRIT

Help colleagues bond and work together effectively amongst the unique environments of the Great Barrier Reef and the Wet Tropics rainforest.

WHITE WATER RAFTING

Get the adrenalin pumping as you race down white water rapids on a raft surrounded by the tropical rainforest. For a memorable and bonding experience, white water rafting offers exciting team building activities from ropes courses to treasure hunts down the river. Get your colleagues involved in raft racing and group rescues or fun games with your tour guide.

AMAZING RACE

Get to know your host city with an amazing race, by walking, running or cycling through the tropical landscape, discovering different wildlife and meeting new people. Take photos of landmarks and solve clues to uncover the amazing facts about this region. Race from the reef to the rainforest to add some memorable challenges, whether it's identifying fish while snorkeling, foraging for bush tucker on a hike or spying bird species in their natural habitat.

GOLF CHALLENGE

The Cairns & Great Barrier Reef region is home to outstanding sweeping fairways and undulating greens where groups can challenge each other to see who has the longest drive. With courses for golfers of all levels and surrounded by truly spectacular scenery, Cairns, Palm Cove and Port Douglas offer many fairways to be experienced, regardless of your handicap.

ROPES COURSE

Test your bravery on a high ropes course where you can zip line over a giant crocodile and try more than 65 different rope crossings over two height levels all within a wildlife park. Take in the sights and sounds of Cairns city from a unique vantage point with a walk around a glass dome while connected to a continuous belay system.

COOKING SCHOOL

Bring out the unique flavours of tropical fruits and local fare by putting your skills to the test. Start your day exploring tasty delights at the local market where your team works together to tick all the boxes on your exotic shopping list. Then head back to the kitchen with your ingredients to create a tantalising meal or whip up a tropical cocktail. For the pros in your group, up the ante and unleash your inner chef with a mystery box revealing local ingredients and concoct a three-course dinner in a professional hotel kitchen.

BEACH BONDING

A light-hearted game of beach volleyball may be just the way to get to know each other or test competitive streaks. On the water, go for gold with a canoe race around an island or try balancing on a stand-up paddleboard. For tropical style team building fun, why not try a heptathlon with a beach theme where you can pass the inflatable croc and play hockey using a paddle and a coconut. Or take a step back and unwind with a beach yoga class by the Coral Sea.
