

A close-up, macro shot of a camera lens, showing the intricate details of the lens elements and the surrounding metal housing. The lens is illuminated with a mix of warm orange and cool blue light, creating a dramatic, high-contrast effect. The background is blurred, emphasizing the sharp details of the lens. A semi-transparent white rectangular box is centered over the lens, containing the text "PHOTOGRAPHERS & VIDEOGRAPHERS" in a clean, white, sans-serif font.

Andrew Watson Photography

Andrew Watson Photography has been providing professional photography services for Cairns, Port Douglas and the North Queensland region for over 10 years. We're the leading provider for conference and events photography and our other specialties include corporate, hotel & resort, tourism & lifestyle, and production stills for television and film.

With a professional approach, creative touch and eye for detail, we work with our clients to produce striking imagery consistent with their business branding and which highlights their products, services and people. Our clients include Tourism Australia, Australian Geographic, Seven Network, Qantas, Shangri-La Hotels, Mantra Group, Tourism Queensland, MYOB, Coles and Bunnings.

Brad Newton Photography

Brad Newton is an event, editorial and commercial photographer based in Cairns. He shoots in any location with the latest digital technology. Whether it's swimming with an underwater housing, hanging out of a helicopter or getting in a crocodile pen - getting "the shot" is what matters most.

While every shoot is different, what does shine through consistently in Brad's work is the story behind the images. He is focused, dedicated, and will make the most out of any situation whether there is rain, hail or beautiful blue skies. Working with Brad offers clients the peace of mind that the images they require will not only be of highest standard, they will also be timeless allowing them to use again and again.
