"What an experience!"

For this event to actually proceed, we had so many challenges in, around, and due to the COVID pandemic. Yet at every step of the way, the team at SGMPD were there for myself & my team. Thank you!

1E Group could not have delivered this scale of event, (as we collectively exited the climate of pandemic lockdown border chaos) without the commitment, focus and integrity provided by the SGMRPD team.

Needless to say we were amped when the date finally arrived, to be able to finally create something so fulfilling at such an iconic Australian venue. Location, facilities, catering, connection, teamwork all above and beyond expectation.

I have indeed expressed to the SGMRPD Management team our gratitude and eagerness to return. 1E Group will gladly recommend SGMRPD and their team, to any client and colleague looking to produce a magical tropical first class experience for their delegates."
